

Betsegaw Merid

B.Sc. Candidate in Electrical & Computer Engineering (Expected 2027)

About Me

Electrical and Computer Engineering student expected to graduate in 2027 with a strong foundation in programming, software development, databases, networking, and problem-solving. A quick learner who enjoys building practical solutions, adapting to new technologies, and collaborating to deliver high-quality results.

 Addis Ababa Ethiopia

Skills

- C programming & C++
- SQL
- Data structure and algorithm
- HTML and CSS
- JavaScript
- Git & GitHub
- fast learner
- Teamwork

Language

- English
- Amharic

Education

● (2022 – 2027)

ADDIS ABABA SCIENCE AND TECHNOLOGY UNIVERSITY

Bachelor of science in electrical and computer engineering

3.65

Experience

● AASTU | Jan 2024 – Jan 2025

HARDWARE & SYSTEMS ENGINEER

- Co-designed an Arduino-controlled, sensor-guided robotic arm for autonomous coffee harvesting
- Programmed movement and ripeness-detection logic for precise, fully automated picking cycles

● Academic Project | 2026

NETWORK INFRASTRUCTURE RESEARCHER

- Researched AI and Machine Learning models to optimize LAN traffic and dynamic bandwidth allocation.
- Proposed Software Defined Networking (SDN) frameworks to prevent network congestion.
